## Dear colleagues and friends!

Herewith we would like to express honor and pleasure to invite you to attend the XV. Biennial Congress of the International Society for Animal Clinical Pathology and XIV. Conference of the European Society of Veterinary Clinical Pathology, which will be held in Ljubljana, the capital city of Slovenia, 3.—7. July 2012.

The scientific program will cover all aspects of veterinary clinical pathology: laboratory management, veterinary haematology, veterinary clinical biochemistry, ruminant metabolism, toxicology, endocrinology, oncology, new diagnostic techniques in veterinary clinical pathology, free topics.

Award for best oral and poster presentation will be granted by ISACP. One day is reserved for excursion, visit of all the participants to world famous Karst subterranean cave in Postojna and Lipica stud farm, the cradle of the Lipizzaner horse.

Slovenia lies in the heart of Europe, where the Alps meet the Dinaric Karst and the Mediterranean meets the Pannonian plains. It is sometimes called the picture-perfect paradise due to its varied geography which encompasses lush, green forests, hills with vineyards, crystal clear mountain lakes, fairytale castles, mysterious cave underworlds, many natural and landscape parks, rivers and the sea and much more.

Ljubljana the capital of Slovenia with colorful past is a dynamic Central European city situated on a natural passage in a broad basin between the Alps and the Adriatic Sea. It offers suitable place for all congress activities and besides the location also offers plenty of opportunity for social gathering during the vibrant summer time.

We are looking forward to welcome you in beautiful city Ljubljana in summer 2012!

On behalf of the local organizing committee

Prof. Martina Klinkon, PhD, MSc, DVM
